

## Kyle Schneweis, P.E.

### Director Nebraska Dept. of Roads

Kyle Schneweis was appointed by Governor Pete Ricketts to serve as the Director of the Nebraska Department of Roads (NDOR) in May 2015. In that position, Schneweis leads the agency's more than 2,100 employees in planning for and addressing Nebraska's transportation needs.

Prior to his appointment with NDOR, Schneweis was a partner at an industry-leading transportation policy and financial consulting firm where he provided strategic planning and performance management expertise to more than twenty-five national, state and local clients. He also has significant experience in the public sector, having served at the Kansas Department of Transportation where he played an instrumental role in developing and winning legislative approval for the state's \$8.2 billion transportation investment program.

This balance of private and public sector experience allows Director Schneweis to bring a unique perspective to NDOR. His customer-focused and data-driven approach emphasizes transparency and stakeholder engagement and he understands the critical role strategic transportation investments can play in strengthening Nebraska's economy.

Director Schneweis earned his civil engineering degree from the University of North Dakota and is a licensed professional engineer. He and his wife Laurel are parents to two toddler boys, Mazlo and Karver.
